- ✓ These prices are valid for the **2022 season**.
- ✓ The membership fee is compulsory for every person flying in a glider.
- ✓ The airfield fee concerns the technical fees as well as access to the Weather and Safety Briefing every morning. The fees for the airfield are per glider, so several pilots can fly the same glider during the same week : up to two pilots for a single-seater, and four pilots for a double-seater are allowed.
- ✓ Towing prices may change if there are important hikes in the cost of gasoline.
